5:45-6:30 p.m.— **Families of Preschoolers:** Puzzle activity and a short animated film “Ian, a Moving Story” (Young families can feel free to leave after this.)

Everyone else: One Body Together in Christ activity

6:30-8:30 p.m. — Movie Wonder (Rated PG)

Ian was born with cerebral palsy. All he wants is to make friends, although it seems impossible to achieve when discrimination and bullying keep him away from his beloved playground. However, this young boy is determined and won't give up easily.

WONDER tells the inspiring and heartwarming story of August Pullman, a boy with facial differences caused by Treacher Collins syndrome who enters fifth grade and confronts the challenges of attending a mainstream elementary school for the first time. As his family, his new classmates, and the larger community all struggle to find their compassion and acceptance, Auggie's extraordinary journey will unite them all and prove you can't blend in when you were born to stand out. Rated PG
